

DATA SHEET

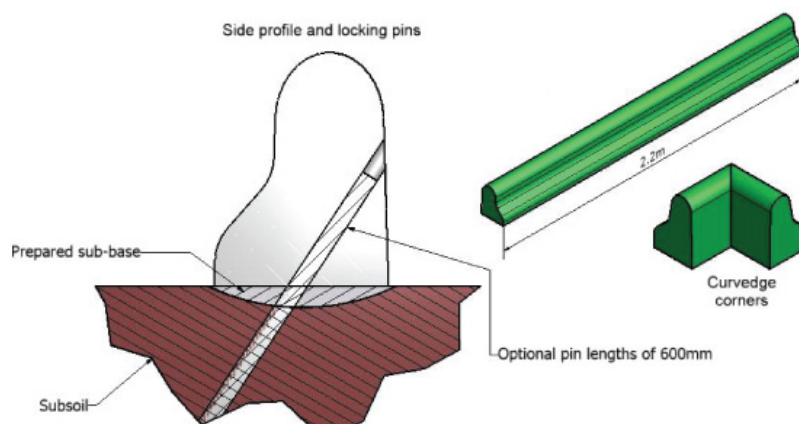

Effective May 15, 2019

Product Overview

Curvedges are the perfect rubber safety edge for all sand and bark filled playgrounds. Over 250,000 lineal metres of Curvedge have been sold since its introduction and they continue to be the most popular rubber edge on the market. With flowing curves and predrilled mounting holes, Curvedges appeal to both the client and the installation contractor.

Curvedges are 20cm high. The product is made from solid recycled rubber. Its engineered shape is designed to withstand the side-loading pressure of all filling materials. To assist with tricky shapes 90° Curvedge Corners are also available.

Specifications

Curvedges

Material Polymerically bound recycled rubber

Length 2.2m

Height 20cm

- An installation guide is available upon request.

Applications

Curvedges are specially designed as a retaining edge for bark and sand filled playgrounds. They can also be used as safe garden edges.

Disclaimer

The above information is derived from periodic tests taken on actual product from the manufacturing process. Some variances in specifications and raw surface appearances are possible due to the use of recycled materials and our manufacturing tolerances. In practice, the difference in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The recommendation relating to the application and end use of A1 Rubber™s products, are given in good faith, based on A1 Rubber™s current knowledge and experience of the product when properly stored, handled and applied under normal conditions in accordance with A1 Rubber™s recommendations. The user of the product must test the product's suitability for intended application and purpose. A1 Rubber™ reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current Terms and Conditions of Sales and delivery. Users must refer to the most recent issue of the Technical Data Sheet for the product concerned, copies of which will be supplied on request.
