

DATA SHEET

Effective November 08, 2021

Product Overview

Get creative with playground designs, using our large range of rubber animals and shapes. All Playform™ items are available in earthy colours, red, green and blue. Playform™ provides unparalleled playground safety with low fall heights and they have great impact absorbing capability. Playform™ items are suitable for all playgrounds but due to their soft nature are defenceless against intentional abuse or extreme use.

Specifications

- An installation guide is available upon request.

Applications

Playform™ animals and shapes have been created for play areas, such as park play grounds, day care centres, school play grounds and water play areas and conform to Australian Playground Safety Standards. In areas of high use or older children, the items will wear prematurely, and breakages or damage may occur.

Disclaimer

The above information is derived from periodic tests taken on actual product from the manufacturing process. Some variances in specifications and raw surface appearances are possible due to the use of recycled materials and our manufacturing tolerances. In practice, the difference in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The recommendation relating to the application and end use of A1 Rubber™s products, are given in good faith, based on A1 Rubber™s current knowledge and experience of the product when properly stored, handled and applied under normal conditions in accordance with A1 Rubber™s recommendations. The user of the product must test the product's suitability for intended application and purpose. A1 Rubber™ reserves the right to change the properties and tolerances of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current Terms and Conditions of Sales and delivery. Users must refer to the most recent issue of the Technical Data Sheet for the product concerned, copies of which will be supplied on request.
